Holy, Glowly, Spicy Christmas!

December…a month when the whole world slows down for a moment to celebrate light, joy, sharing and warmth, a time when everyone turns toward what brings comfort and connection.

In this issue, it's not only Christmas carols that inspire us… but also our own cosmetic ingredients, ready to reinvent themselves for the festive season.
This month, "warmth" takes on a new meaning: not summer beaches or sun, but fireplaces, cozy homes and loved ones.

Even Monoï de Tahiti reveals a more intimate, winter-ready side. And because winter is also a season of radiance, we chose ingredients that reflect its glow, its symbols and its spices.

From Monoï Natural Cinnamon, warm like a holiday kitchen, to Monoï Natural Basil, symbol of purity and new beginnings, and Black Pearl Powder from Tahiti, glowing like a festive night - each ingredient opens new creative possibilities. Three worlds, three emotions… one invitation to reinvent your cosmetic creations.

In this edition, discover *our year-end ingredient selection, a look back at our international events and a preview of what's coming this January.*

Let the magic begin!

OUR YEAR-END INGREDIENT SELECTION

Monoï de Tahiti Natural Cinnamon

Monoï Natural Cinnamon brings the cozy, spicy warmth of cinnamon into your winter formulas.
Its aromatic notes evoke festive kitchens and joyful holiday moments. Nourishing and softening, it wraps the skin in a smooth, warm touch. Perfect for sensory holiday-inspired creations like seasonal body creams, comforting shower gels or winter massage oils.

Black Pearl Powder from Tahiti

Black Pearl Powder from Tahiti adds a touch of luxury and festive glow to winter cosmetic creations. A premium ingredient available in two grades: Grade 1 for soft exfoliation and body remineralization and Grade 2 for face remineralization and enhanced skin luminosity. Its pearly shimmer evokes sparkling holiday nights, making it ideal for creams that capture and reflect light. Also perfect for soft exfoliating gels, spa treatments and radiant skincare formulations.

Monoï de Tahiti Natural Basil

Monoï Natural Basil celebrates renewal, protection, healing and new beginnings - values shared across many cultures. Its aromatic notes promote positive energy and well-being. Blended with softening Monoï, it provides a soothing, revitalizing experience. Perfect for skincare, body creams or rituals that honour closure, balance and transition into the New Year.
